An extension of time under 37 CFR 1.136(a) is required in order to make an examiner's amendment which places this application in condition for allowance. During a telephone conversation conducted on Jan. 20, 2005, applicant's attorney Mr. Patrick Hagan requested an extension of time for 1 MONTH(S) and authorized the Director to charge Deposit Account No. 041406 the required fee of \$110 for this extension and authorized the following examiner's amendment. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In The Specification:

In the amendment filed on 11/5/2004, in the insertion requested to be entered in the specification, please change " Page 15" to --- Page 5 ---.

In The Claim:

In claim ⁹1: line 2, please insert the following--- said film sheet having one side which is relatively smooth and a second side which has microscopic protuberances extending from the surface thereof, wherein at least said second side of said film sheet is adhered to said comestible substance --- after the phrase " edible film sheet". Line 20, please delete " ; and at least said second side of said film sheet". Please delete line 21.

In claim 9: Line 4, please change " the " to --- a---.

Art Unit: 1761

The following is an examiner's statement of reasons for allowance: There is no disclosure in the prior art that the surface of the film having the protuberances is adhered to the food product when the product is packaged. There is no suggestion to make such alteration in the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
